

With Clear Sky Software we are better able to keep track of inventory. We can see at a glance what we have and what we need. It has made the inventory and control process simple and very effective in maintaining inventory integrity and overall costs.

John Eddleman, Director of Restaurants, Renaissance Washington Hotel

- 5 INVENTORY Systems
- Select All or Purchase in Any Combination
- LOCAL or HOSTED Solution

clear sky BEVERAGE
 clear sky FOOD
 clear sky HOUSEKEEPING

- Management Reports by Date Range, Vendor, Location
- Fast and Accurate Bar Code-Based Physical Inventory
- Inventory Reconciliation with Discrepancy Reporting
- Close Accounting Periods and Create Inventory Snapshots
- Bar Code Cross-Referencing

inventory solutions for hospitality

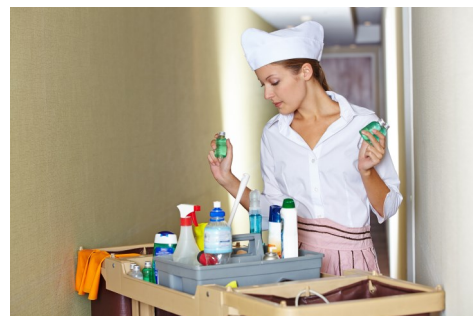

The system is very precise, accurate and saves so much time for everyone. Accounting now is depending on our numbers for consistency. We managed to get our costs down from upper twenties down into under 20% (one month at 19.9%!!!) but consistently, I'd say has reduced our costs 3%-5%.

Christine Mercnik, Food & Beverage Manager, Silverado Resort and Spa

benefits

- Automatically Create Orders Based on Pars & Order Points
- Receive and Verify Products Against Orders
- Report Exact Costs of Products NOT Averages
- Complete Physical Inventory Faster and More Accurately
- Track All Physical Movement of Product
- Maintain a Perpetual Inventory
- Utilize Bar Code Scanning for Speed and Accuracy
- Track by Existing or System Assigned Bar Codes
- Support Multiple Product Tracking Numbers
- Rich and Flexible Reporting System
- Identify Slow Movers AND Fast Movers
- Receive Reports on Inventory Costs and Usage
- Maintain a Smaller Inventory thus Reducing Overhead
- Issue Products Using First In First Out (FIFO) Logic
- Reduce Time with Templates for Requisition, Issue, and Orders
- Eliminate Tedious, Time-Consuming Paperwork
- Reduce Manual Data Entry and Eliminate Repetitive Steps
- Support both Open and Closed Storerooms and More
